Hands-on Exercise No. 1_Solution **DigiSkills 2.0 Batch-06** **WordPress**	**Total Marks: 10**

Instructions:

Please read the following instructions carefully before submitting this Hands-on Exercise:

- Use MS Word to prepare exercise solution.
- You may consult tutorials and videos if the concept is not clear.
- Your submitted exercise will not be considered/counted if:
  - It is submitted after due date.
  - It is not in the required format (.doc or .docx)
  - It does not open, or file is corrupt.
  - It is copied (partial or full) from any source (websites, forums, students, YouTube etc.).
  - Screenshots must be clear and readable.
  - Don't forget to add screenshots where necessary.

Learning Outcome:

After completing this exercise, you will learn:

- To Install and configure the website on the hosting service or localhost.
- How to configure cPanel or localhost.
- How to install WordPress.
- How to install theme on WordPress.

Hands-On-Exercise Description:

In this Batch of WordPress course, we are embarking on the journey to create a fashion store project through WordPress, catering to a diverse selection of men's and women's clothing. The project is divided into four Hands-on-Exercises. The following tasks of Hands-On-Exercise #1 will serve as the starting point for our project's setup and development.

Problem statement:

According to the above Hands-On-Exercise description you are required to complete the following tasks to start this WordPress project:

1. Register an account on a web hosting platform, whether it's a free or paid service, or alternatively, set up and configure XAMPP/WAMP/Flywheel for a local development environment **(Topic no.07)**. Capture screenshots of your progress and include them in your solution file. (3 marks)

   We are using “byethost.com” as a free webhosting provider.
